Professional Summary

Motivated Computer Science student with hands-on experience building responsive web applications using HTML, CSS, JavaScript, Python, and Django. Passionate about creating clean, user-friendly interfaces and writing maintainable code. Experienced in developing full-stack web applications, integrating APIs, debugging applications, and working with Git for version control. Quick learner with strong problem-solving skills and a commitment to delivering high-quality software in collaborative remote environments.

Technical Skills

Frontend

- HTML5
- CSS3
- JavaScript (ES6+)
- Bootstrap
- Responsive Web Design
- Flexbox
- CSS Grid

Backend

- Python
- Django
- REST APIs

- SQLite
- Basic MySQL

Tools

- Git
- GitHub
- Visual Studio Code
- Chrome DevTools
- Linux (Ubuntu & Kali)
- Postman

Additional Skills

- API Integration
 - Debugging & Troubleshooting
 - UI Testing
 - Version Control
 - Software Documentation
 - Agile Development
 - Problem Solving
 - Team Collaboration
-

Education

Bachelor of Science in Computer Science

Current Student

Relevant Coursework

- Web Development
 - Software Engineering
 - Database Systems
 - Data Structures & Algorithms
 - Computer Networks
 - Human Computer Interaction
-

Projects

Django Web Application

Technologies: HTML, CSS, JavaScript, Python, Django

- Designed and developed a dynamic web application using Django.
 - Built responsive user interfaces with HTML and CSS.
 - Implemented backend functionality using Python and Django.
 - Integrated forms, authentication, and database operations.
 - Tested and debugged application features to ensure reliability.
-

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript, React

- Designed and developed a fully responsive portfolio website.
 - Applied modern CSS layouts using Flexbox and Grid.
 - Optimized the website for desktop and mobile devices.
 - Focused on accessibility and clean UI design.
-

Frontend Practice Projects

- Built responsive landing pages from design references.
 - Implemented reusable UI components.
 - Practiced JavaScript DOM manipulation and event handling.
 - Improved website performance through code optimization.
-

Experience

Personal & Academic Software Development Projects

- Developed and maintained multiple web development projects using HTML, CSS, JavaScript, and Django.
- Collaborated on software design and implementation during coursework.
- Used Git and GitHub for version control and project management.
- Debugged frontend and backend issues using browser developer tools.

- Integrated REST APIs into web applications.
-

Relevant Coursework & Experience

- Responsive Web Design
 - Object-Oriented Programming
 - Database Design
 - Software Testing
 - API Development
 - User Interface Design
 - Linux System Administration
-

Soft Skills

- Strong analytical thinking
 - Excellent problem-solving abilities
 - Effective written and verbal communication
 - Attention to detail
 - Fast learner
 - Time management
 - Team collaboration
 - Adaptability
-

Languages

- English (Fluent)
-

Additional Information

- Comfortable working in remote teams.
- Passionate about frontend development and modern web technologies.
- Continuously learning JavaScript frameworks and best development practices.
- Experienced working in Linux development environments.
